

Portable Outdoor Heater KS-53

Portable outdoor heater using liquid fuel (paraffin)

EAN code	4963505711580	
Colour	Black	
Heating capacity	5.30 kW	
Fuel Consumption	0.548 l/h	
Burning time	13.7 h	
Wick type	Glass fiber felt wick (Type S) - EAN: 4963505158071	
Battery type	Type C x 4 pcs	
Heater dimensions	440 x 440 x 583 (WxDxH)	
Carton dimensions	460 x 460 x 630 (WxDxH)	
Net / Gross weight	10.7 kg / 14.0 kg	
HQ container qty.	520	
Accessories	Fuel syphon pump included, carrying bag KSG-2 optional	

HIGH EFFICIENCY

TOYOTOMI's state-of-the-art Clean Heat chamber system maximizes fuel combustion and reduces unwanted emissions to an optimal safety level. This heating element has an infrared radiation heating system with a heat efficiency of 99.99%. It offers an intense heating capacity of up to 17,900 BTU/h (5.3 kW).

DURABLE CARBON GLASS FIBER WICK

The durable carbon glass fiber wick ensures a longer wick life-time than the old cotton wick.

WICK LIFE EXTENSION

TOYOTOMI's original patented design to maintain the good performance of the wick and extend its life-time.

SPARK IGNITION SYSTEM

TOYOTOMI's unique spark ignition system is maintenance free and avoids any problems caused by broken igniter coils, which are often found in paraffin heaters using the conventional ignition systems.

DOUBLE-WALLED TANK CONSTRUCTION

The double-walled tank construction prevents fuel leakage even if the heater should fall over.

TRIPLE SAFETY EXTINGUISHER

Three extinguishing methods: 1. By retracting the wick 2. By pressing the emergency button. 3. Automatic shutdown is activated if the heater is bumped or falls over (earthquake protection).

MADE IN JAPAN

Toyotomi portable outdoor paraffin heaters are manufactured at our Nagoya factory in Japan, according to ISO 9001:2015 and ISO 14001:2015 standards.

Portable Outdoor Heater

Outdoor Heating

*“Enjoy outdoor
life all year round”*

The outdoor life is an adventurous way to get connected with nature and experience all the outdoor things that noncampers will probably never do. Camping is not only tied down to spring or summer. It's super fun all year round and gives you new perspectives on the areas in which you stay.

Keeping food and drinks warm

Coffee or tea prepared and consumed outside just tastes better, with a kettle on top of your Toyotomi heater. And what beats playing some exciting board games in the evening or playing cards with your friends? Do so and make yourself comfortable. With this Toyotomi heater it's just like sitting next to a nice warm campfire, but without the hassle of sparks and ashes, avoiding campfire smoke inhalation. Camping life is so much more enjoyable with this handy Toyotomi outdoor heater.

Compact patio heater

And did you know that this handy outdoor heater is also widely sold as the perfect compact outdoor patio heater for your home? The secret: this compact Toyotomi outdoor heater beats many large patio heaters in heat efficiency.

Easy to transport

Before you pack up your gear and head out, take a look at this indispensable heating device that will make a night under the stars one of your most memorable. Enjoy the comfort of this Toyotomi heater, your best friend in summer and winter. Become a big fan too of the Toyotomi outdoor heaters, they're easy to transport in a convenient carrying bag (optional).
